## Gratitude for Maine's Resource Families: The Heart of Hope and Home

This month, we extend our deepest gratitude to the incredible resource families across Maine who open their hearts and homes to children in need through fostering and adoption. Your compassion, resilience, and unwavering commitment transforms lives every day.

Each child you welcome becomes part of a story of hope - a story shaped by patience, love, and the belief that every child deserves a safe and nurturing environment to grow. Whether you've fostered for a weekend or welcomed a child permanently into your family, your impact is immeasurable.

Thank you for being pillars of strength and stability. Maine is stronger because of you.

With heartfelt appreciation,

A Family for ME

## Curious about foster care?

Join us on **zoom** the 2nd Monday  
of every month at noon  
or 6 pm to learn more!

These sessions aren't part  
of the licensing process.

They are casual,  
informational discussions.  
You can ask questions, or  
just sit in and listen!

**Maine's children need forever homes!**  
**The Adoption Matching Program is here to help.**

There are approximately 100 children in Maine waiting for their "forever home." The Adoption Matching Program (AMP) staff members are trained to identify the best match between available children and families who desire to adopt.

They do this by an intake process which involves meetings with matching coordinators, interviews, and questionnaires. They concurrently do that on the children's side of things as well.

Some families enrolled in AMP expressed that one of the biggest reasons for placement disruption is the overestimation of their preparedness to parent a child who has lived with change and loss.

Taking short-term placements or providing respite allows families to acquire some first-hand experience.

AMP encourages all families to consider providing foster care or respite first. This allows families to experience what it may be like to have a child living in their home who has experienced trauma.
